OUR GOAL:

To create a beautiful, lasting, memorial to the many veterans from our area, and whose families are from our area, who have so selfishly given of themselves for our freedoms.

THE MEMORIAL:

The project will consist of 4 large granite walls engraved with veterans names. Artwork collage of military history, equipment, and personel will also be featured. A middle area of granite benches surrounding a granite star and the US flag along with a large entrance sign resembling the courthouse balconies will also be included. The 5 service flags will fly around the back side of the memorial. Granite personalized pavers from donors around the perimeter, decorative lighting, and landscaping will complete the area.

TIME FRAME FOR COMPLETION:

The cost of the project will be approximately \$125,000. We hope to have the funds raised so that construction can begin in the fall of 2018 with dedication shortly after.

Our committee has put forth much work, time, and dedication towards this project, BUT to make the project become a reality, it will require participation and help from family, friends, businesses, corporations and foundations.

We are asking for your help in purchasing one or more of the following:
